Fact Sheet

Schwab Personal Choice Retirement Account is a self-directed brokerage account (SDBA) designed to complement your retirement plan core investments. Schwab PCRA gives you greater access to thousands of additional investment choices.

Who should choose to invest through a Schwab PCRA?

Schwab PCRA is for *knowledgeable* investors who understand the risks associated with many of the investment choices available through a Schwab PCRA and who are committed to staying invested for the long-term. Schwab PCRA is designed for individuals who seek more flexibility, increased diversification and a greater role in managing their retirement savings.

How does a Schwab PCRA differ from a typical brokerage account?

Schwab PCRA is different from a typical retail brokerage account because it is part of your workplace retirement plan and therefore regulated by ERISA guidelines. Since your assets are part of a retirement plan, your investments are tax-deferred. You are able to fund your Schwab PCRA only through transfers from your workplace retirement plan core investments.

You may be able to direct future contributions into this account and execute withdrawals. Check with your workplace retirement plan service provider for details. If you have any other accounts with Schwab, such as an Individual Retirement Account (IRA), you cannot transfer assets between such accounts and Schwab PCRA. All restrictions imposed through your workplace retirement plan apply to the money transferred to your Schwab PCRA.

What investments are available through a Schwab PCRA?

Through your Schwab PCRA, you can access more than 8,500 no-load mutual funds from over 630 well-known fund families. Over 3,800 mutual funds are available with no-loads and no-transaction fees¹, including over 2,700 funds typically available only to institutional clients. Other investments may include individual bonds and other fixed income investments, CDs, and money market funds. All ETFs, stocks and options listed on the U.S. or Canadian exchanges are **commission-free**² across all mobile, automated phone and web trading channels.

Ineligible investments include: currencies, short sales, private placements, commodities, precious metals, real estate, futures, margin accounts, collectibles, and options (other than covered calls, protective puts and cash-secured equity puts, if permitted by your employer and approved by Schwab.)³
